Explanation of the Extended Mineral Reporting Template (EMRT)

Dear Sir or Madam,

Our components contain copper (Cu) from mines not affected by the regulations.

All other materials listed in the Mineral Reporting Template are not part of our products. Therefore, all products supplied by HAHN comply with the EICC standard.

Enclosed with this letter you will find the current EMRT report (Rev. 2.11)

(Extended Mineral Reporting Template)

We hope that this information has answered all your questions regarding the use of minerals in HAHN products.

If you have any further questions about minerals and the EMRT, please do not hesitate to contact us.

With best regards

HAHN GmbH & Co. KG
